<i>Our beef is always 100% grass-fed, and we wait until our cows are fully finished prior to processing to ensure well-marbled, tender, great-tasting beef.</i>			<i>Our birds are more than "free-range." They are raised on pasture with continual access to forage, insects, and plenty of space, without the use of soy, antibiotics, or genetically-engineered feeds.</i>			<i>Our pigs are raised on pasture without the use of soy or genetically-modified feeds. We take care to finish our pigs to optimum plumpness to ensure great flavor and juiciness.</i>
