

Grass-fed Beef			Pastured Chicken			Pasture-Raised Pork		
<i>Our beef is always 100% grass-fed and supplemented only with free-choice chelated minerals. At processing time, we carefully select among our fattening cows to choose the ones that will produce the highest quality beef.</i>			<i>Our chickens are more than "free-range." They are raised on pasture with continual access to fresh forage, insects, and plenty of space, without the use of soy, antibiotics, or genetically-engineered feeds.</i>			<i>Our old-fashioned breed pigs are raised on pasture without the use of soy, genetically-modified feeds, or growth stimulants. We take care to finish our pigs to optimum plumpness to ensure great flavor and juiciness.</i>
